

Revolutionary Bug Buster and Nit Buster combs

- Unique, deeply bevelled teeth
- Work brilliantly with your usual shampoo and any hair conditioner

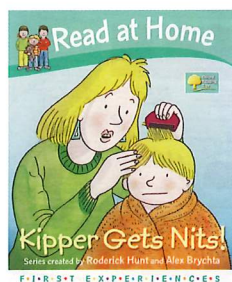

When you follow the Kit instructions you will learn to:

- Find every louse the **Bug Busting Way**
- Break the life-cycle
- Recognise any new incoming lice. No lotion or spray can tell you if you have caught more lice between doses. No medicated treatment is 100% effective.¹
- You only need one **Bug Buster Kit** for the whole family!

¹www.nhs.uk/conditions/head-lice/pages/treatment.aspx
www.nhs.uk/conditions/head-lice/pages/diagnosis.aspx
Using metal nit combs instead is not recommended.
 (accessed January 2014)

After Bug Busting, you can remove unsightly eggshells with the **Nit Buster**. No tugging! Just watch the nits slide off!

Bug Buster Kit comes to the rescue when Kipper Gets Nits!

- A sensitively written story about finding and dealing with head lice from Oxford University Press
- Ideal for parents to read with young children
