

Barnwood CE Primary School – Religious Education Statement of Intent

As a Church of England primary school Religious Education is of the highest priority. At Barnwood we recognise that Christian values are at the heart of our school and RE provides many opportunities for the exploration of both our specific Christian values and our British values.

Through religious education pupils will develop positive attitudes towards themselves, other people and the diverse world around them. We believe it is important not only to learn about religion, but also, and perhaps more importantly, to learn from religion.

By the time pupils leave to continue their educational journey they are able to form and express their own grounded opinions. They will have an understanding of their own religious beliefs and values, as well as that of other peoples and be able to develop their role within the wider global community.
